46ft. 7/8 pitching

Ben Scherer updated the rules and made changes.

Pitch count to save arms. 7/8- 50 pitches 3 innings finish the batter; 1-20 pitches can pitch next day, 21-35 pitches 1-day rest, 35-50 pitches 2-day rest; 9/10- 60 pitches 3 innings finish the batter, 1-20 pitches 1 day, 20-51 2 days, 51-60 3 days. Common sense rules of pitcher to catcher 4 inning max

of Combo. Resistance bands for the program. Long term outlook of the player. Stealing home rule at 9/10 should it be restricted? Live ball until the pitcher engages the rubber. 11/12 rule every kid had to sit an inning before anyone sat a second inning.
